

Side Opening Harness Buckle Cover

The **Side Opening Buckle Cover** is designed to fit the Buckles on the following Harnesses.

Magnet Harness - Magnet Vest - Bus Harness

used where passengers with special needs are likely to trigger the harness release buckles.
Side Opening Buckle Cover can only be released by using a narrow object, such as a ballpoint pen, key, etc. and will be supplied with a **Keyring Mount Key** and an **Emergency Seat Belt Cutter**.

Your kit is supplied with:

- 1 x Side Opening Buckle Cover
- 1 x Keyring Mount Opening Key
- 1 x Emergency Seat Belt Cutter

Application:

- Converts our regular harness buckle to a 'Pin-Release' without the need to change buckles.
- Fitted and removed in moments.

To Use:

- Simply slide the Buckle Cover onto the buckle end of the harness strap.
- This Buckle Cover will only fit in one direction and is designed to cover the 'press' release button

To Release:

- To release use the key provided or a narrow object, for example, a ballpoint pen, vehicle key, or similar.
- Simply push the object into the hole to release the seat belt buckle

Seat Belt Cutter (type 2)

Guidelines for Use

Seat Belt Cutters are used in emergency situations only, to straps where normal opening is not possible, or where in an emergency it is quicker to use the seat belt cutter to assist a more speedy exit of a passenger from the vehicle. Keep your seat belt cutter in a safe but accessible place.

- Hold the seat belt cutter firmly.
- Position webbing into the Webbing Entry Point.
- Ensure the webbing remains flat.
- If necessary, pull the webbing to flatten.
- Pull Cutting Blade across webbing using the Finger Pull.
- Cutting direction should be away from the passenger.
- Ensure you do NOT pinch the device against the passenger, which may cause injury.

Access to a Seat Belt Cutter can save lives in an emergency:

Do not use for any purpose other than for the intended purpose

- Only use in an emergency
- Keep out of reach of children
- When used this product should be replaced, as the blade will become less effective (single use device)
- Read and abide by all instructions that come with this item

To Use:

- Place the flat webbing in the Blade entry point
- Pull across the flat webbing, using the finger pull
- Be careful not to catch the person or clothing which will hinder use and may cause injury

Organisational Use:

- Keep your seat belt cutter in a safe place which is accessible only to bus staff
- Bus staff should always be aware of its location
- And know how the seat belt cutter is to be used and under what circumstances
- Instructions for Use should be available inside the vehicle
- Bus staff should read and understand the Instructions for Use.
